TUESDAY MORNING, — AUGUST 4, 1868.

What More Can Kentucky Do?

The State election is now over and there is no doubt that the minds of the people are made up to give Seymour and Blair the largest majority that we ever give to a Presidential ticket since — Kentucky. To the Radical party, this is a sad mistake. But we have a host of able orators who can talk with the foremost champions of our cause, and these should be sent to strengthen our lines where ever the fight is hottest.

On Tuesday evening, for the purpose of throwing their force of Radicals against the State elections of Pennsylvania and Indiana, in which State elections take place on the 13th of October, that will have an important, and, perhaps, a decisive influence upon the November contest. There will be a tremendous struggle here on the same date in Ohio, Illinois, Indiana, and Wisconsin. Our option is to demonstrate their efforts upon the States we have named, with a view to reduce the adverse majority, if they cannot carry them; for unless they shall be like us by vast majorities, it is their purpose to rotan, by fraud and partisanship, the powers given to us by the Constitution and the popular voice.

One Kentucky person here in pallance and stand idle while such a conflict is going on? She is the friend of the white man, an advocate of peace, and she will therefore give all the aid in her power to the Democratic cause. Among our friends here, there is not one who is not a Radical in the field, the party counts a number who have merited, or can earn, greater distinction as platoons and orators. Ex-Governor Bramlette, Gen. W. T. Ward, Col. Wolford, Kinney and others, are men whose powerful assistance would be won by our closely placed friends in other States. We have also a host of national reputations whose names as Union men cannot be questioned. Davis, Bell, Kinckee, M. C. Johnson, and Harding are some of the names which will occur to every one in this connection.

DAILY COURIER.

TUESDAY MORNING, - AUGUST 4, 1861.

WASHINGTON.

No More Applications for Clerkships to be Received at the Treasury Department.

IMPORTANT DECISION OF JUDGE MEREDITH AT RICHMOND.

The Carpet-Baggers Faltering in the Jacobin Faith.

THE PRESIDENT AND THE CANVAS.

THE REVENUE COMMISSIONERSHIP.

THE RUSSIAN MISSION.

HOWARD'S SOUTHERN TOUR.

108 Probable Objects.

The Virginia Officeholders and the Fourteenth Amendment.

ETC., ETC., ETC.

Special Telegraph Correspondence of the 10th Month Committee.

WASHINGTON, Aug. 3. - The Radical programme for carrying the South by means of the Legislature closing electors for Presidential election has been abandoned. The carpet-baggers refusing to entertain the arguments for their belief in the constitutionality of the States.

THE CARPET-BAGGERS.

The truth is a number of those men affected were given to obtain position, and are now going to be given to obtain position. Several Senators of the class, and a still greater number of Congressmen will be found acting to the contrary.

THE FRIENDS.

A number of the friends of the President said he believed Rollins ought to stay if the proper person without fear of interference. He thought the President had done his duty and had considered the responsibility and it was for him to do the same. Nevertheless, the various applicants and friends are notwithstanding fully prepared and hope the Johnson will make a change.

THE GERMAN MINISTER.

There is talk of General Banks as Minister to Rothes. His Republicans is of the mildest tone. The name of Senator Birney of Connecticut, who had been in the Senate, and if the President had been a member of his confederation, Banks would be confirmed.

GRENADA.

He will go to New Orleans shortly, and is now arranging the details of his new command.

FREEDOM'S BUREAU.

Gen. Howard, of the Freedoms' Bureau, left for the South to-day, probably to inspect the condition of the roads, to report to the War Department, and to confer with his officers to the best manner of receiving the forces preparatory to their arrival.

THE VARIOUS OFFICERS.

President Lincoln has issued a general order, although they are ineligible under the 10th amendment, will be allowed to constitute themselves as members of the House of Representatives.

NASHVILLE.

BROWLOW'S EXTRA MESSAGE.

He "Confederates" to Bring the Subject before the Legislature.

A BILL TO EQUIP A LARGE ARMY INTRODUCED IN THE HOUSE.

The Negroes Throughout the State Arm and Drilling.

A COLLISION PROBABLE.

Reported to the Louisville Courier, 1 NASHVILLE, Aug. 3. - There is nothing startling in connection with the situation at present. Brownlow's extra measure to the Legislature arrived in the city yesterday and will be read in that body to-morrow. It is well known that he stood that he does not openly recommend white enfranchisement, but simply concedes to let the negroes have their rights. He has no objection to the Radicals and has not openly condemned them in any country where they were not a half dozen native Radicals who were found to sign such a paper.

Judge Shirkford, recently on the Supreme Bench, is working earnestly in the interest of the disfranchised, and proposes tomorrow to the Legislature an amendment to the state constitution which will have progressive action on the subject. But this is absolutely certain, that enfranchisement will not take place until after the Presidential election. This will carry the state through.

The military measure will hardly pass the legislature. Although the bill to equip a large army was introduced in the House to-day, still the general proposal is crowded with meetings and danger.

Large bodies of negroes mostly drift in the suburbs of the city, and the mass is going on to interfere with the negroes in the state, all of which indicate that active preparations are going on to a bloody collision.

RIVER AND WEATHER.

NEW YORK, Aug. 3. - Weather cloudy and warm, with some rain. River 3 feet 6 inches. Wind 2 or 3 miles per hour.

River rising, 2 or 3 feet 4 inches on the bar.

A heavy rain fell yesterday. Weather warm.

The Mississippi arrived from Galveston.

THE WHIRLWIND AND TORACO LAW.

No negroes and slaveholders under the whirlwind and toraco law have been suspended. There are many applicants. About 150 have come out at the Internal Revenue Bureau, but none have been signed by the Secretary of the Treasury.

ST. LOUIS.

Pacific Railroad - Coffins Declined - Demonstrations.

St. Louis, Aug. 3. - A Denver dispatch says there are one thousand men at work on the Pacific Railroad.

Mr. Quisen, stockholder for Met and Cohn, has notified both men that, if arrangements could not be made to pay him, he would return the money to the city.

"Mr. McCreary Having been released from your consular office, you can now consider him a free man."

He advised them to dispose of what they had.

AN AMENDMENT.

C. G. Smith, a lawyer, was today designated by the Postmaster General to take charge of the post office at New Orleans, in place of the present incumbent, who has been suspended.

THE WHIRLWIND AND TORACO LAW.

No negroes and slaveholders under the whirlwind and toraco law have been suspended. There are many applicants. About 150 have come out at the Internal Revenue Bureau, but none have been signed by the Secretary of the Treasury.
